

## "Why Choose BLS Enterprises, Inc. for Your Continuous Rubber Tracks?"

- Bridgestone distributor, quality you can depend on from the largest manufacturer in the industry
- One-year warranty on all Bridgestone tracks
- Excellent traction and dependability
- Largest selection of sizes and varieties
- Shipment of many tracks within twenty-four hours
- Tips on maintenance and proper care for your continuous rubber track
- Customer service you can count on

## Continuous Rubber Tracks

### QUALITY

The use of continuous rubber tracks on construction equipment has been quickly growing over the last few years. When it comes to continuous rubber tracks, Bridgestone is the name that has long defined the concept of quality. **BLS Enterprises, Inc.** has been an official Bridgestone distributor since 1999. Bridgestone continuous rubber tracks are designed and supplied for original equipment on many major manufacturers' compact construction machinery. These continuous rubber tracks offer excellent traction and durability. Bridgestone continuous rubber tracks provide quality you can depend on from the largest manufacturer in the industry with the longest warranty in the industry. A one-year warranty on workmanship and materials comes with all Bridgestone tracks from **BLS**. Ever wonder how to properly maintain your continuous rubber tracks? Well, **BLS** can help you there too by providing tips for proper care to get the longest wear possible out of your continuous rubber track.

### FAST SHIPPING

What happens when your track tears and you are stuck working out in the field? Well first you are unable to continue working, and then you need a replacement track as fast as possible. Since **BLS Enterprises, Inc.** is an official Bridgestone continuous rubber track distributor, **BLS** can satisfy most requests quickly with the large inventory available. Since **BLS** is also located in the Midwest, shipping times are greatly decreased. **BLS** sales associates strive to make their delivery times the shortest in the industry, so the customers receive their orders as soon as possible and can get back to work. In most cases, popular sized continuous rubber tracks can be shipped within twenty-four hours of the order.

### LARGEST SELECTION OF SIZES

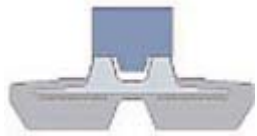

**BLS Enterprises, Inc.** offers continuous rubber tracks from Bridgestone for over 30 machine manufacturers and 300 different machines. Not only does **BLS** provide continuous rubber tracks for compact construction machinery including many mini excavators and skid steers, but **BLS** also has a variety of continuous rubber tracks for asphalt pavers and agricultural tractors. See the reverse of this page for a partial list of the continuous rubber tracks that **BLS** offers from Bridgestone. If Bridgestone does not happen to carry the track for your machine, **BLS** will find the track you need through an alternative source. **BLS** can provide continuous rubber tracks for small skid steers manufactured by **Takeuchi, Mustang, Gehl**, and offset tracks for **Yanmar** machines that are not listed on the back. **BLS** is your continuous rubber track super center.
